## **To prevent personal injury or property damage, read and follow all instructions and warnings.**

- Do not use appliance for anything other than its intended use.
- Do not operate if the appliance is not working properly or if it has been damaged in any manner. For service information see warranty page.
- Do not attempt to repair this appliance yourself.
- For household use only.

## **OPERATING PRECAUTIONS**

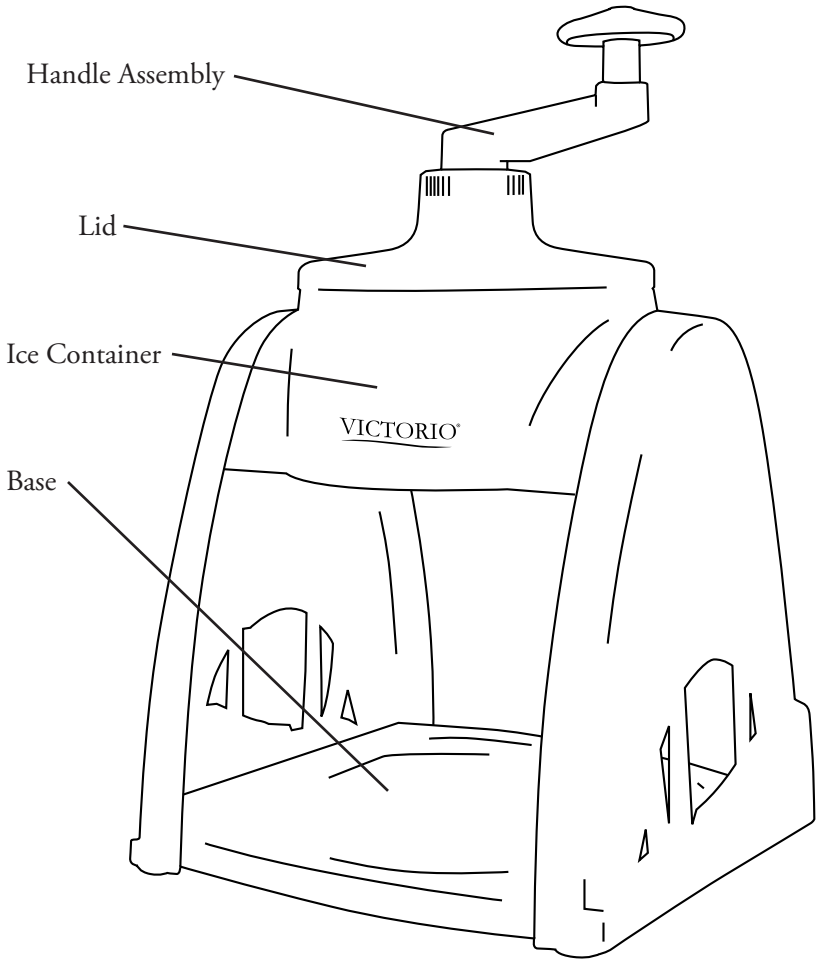

- Blades are sharp. Use extreme caution during assembly, while operating, disassembly, and cleaning.
- Do not use if blade is broken, cracked or loose.
- Avoid contacting moving parts.
- Close supervision is required when ice shaver is used by or near children.
- Do not use this appliance on the stovetop, under broiler, in the oven, in the refrigerator, or freezer.
- Never place fingers or other utensils into the feed or discharge areas.
- Always check ice hopper for presence of foreign objects before using.

## **WELCOME TO THE REFRESHING WORLD OF SHAVED ICE**

You'll love your new Victorio® Ice Shaver. Inspired by rare tropical snows and the local shaved ice stands in Hawaii, the Victorio® Ice Shaver is designed to "shave" ice cubes into mounds of soft, fluffy snow. It's a great way to entertain family and friends. The soft texture of shaved ice actually absorbs the flavoring and won't let it run to the bottom of the serving container as happens with crushed ice. No hard chips or chunks either, just smooth, cool refreshment. Combinations of fruits and flavorings are added to create delicious tropical drinks and frosty treats. Also makes attractive ice beds for appetizers, shrimp cocktail, salads, fruits, etc. Your imagination is the only limit when using the Victorio® Ice Shaver.

# USING YOUR ICE SHAVER

CAUTION: Your Victorio® Ice Shaver has a sharp stainless steel blade that can cut and cause injury. Keep fingers clear from blades and avoid contact at all times when using and cleaning.

## Before using for the first time

1. Wash machine in warm, soapy water. Do not wash in dishwasher.
2. Fill ice cups with water and place in freezer. When frozen solid, loosen ice block by holding the ice cup in your hand for a few seconds. (Be sure to make extra ice blocks and store them in the freezer for future use). Ice cubes may also be used but require more effort to turn the handle.
3. Place an ice block (removed from cup) in the machine. Position the empty ice cup or small bowl underneath to catch the shaved ice.
4. Put the lid with handle assembly on the machine, press down and twist lid clockwise until tight. Turn handle clockwise and apply downward pressure to shave ice and produce “snow”.
5. Place “snow” in a paper cone or glass, then add your favorite VICTORIO® Snow Cone syrup or beverage to create your own frosty treat.
6. When ice block is completely shaved, empty out any remaining ice pieces and add a new ice block to make more shaved ice.
7. After each use, shake out any water or ice particles remaining in the machine. It is not necessary to wash the machine after using ice made only from water. However, after using flavored ice blocks, wash and dry thoroughly. Do not wash in dishwasher.

When assembling, dismantling, or cleaning, always ensure that the appliance is not connected to the power supply.

## COOL & EASY TREATS

### Snow Cones

Shave ice directly into Snow Cone Cups. Mound tops with additional “Snow” if desired. Dispense your favorite Victorio® Syrup directly on top of the shaved ice. Combine different syrups to create your own unique flavors. Because the shaved ice is so snowy fine, it absorbs the flavored syrup instead of it running to the bottom. This gives you a truly intense flavor sensation, all the way through!

**TIP:** Use flavored ice cubes for unique snow cone tastes. Freeze fruit juice, soda, flavored yogurt, or flavored milk into cubes. Shave into cups. If desired, use Victorio® Syrups for added flavor.

### Soft Drink Slush

Use your favorite variety such as cola, root beer, and fruit flavors. Add a twist of lemon or lime for an added “burst” of flavor.

### Fruit Juice Slush

Natural flavorings that are both tasty and good for you. Try apple, grape, orange, grapefruit, and cranberry or any combination for a special treat.

### Rainbow Slush

A colorful and fun treat. Place a layer of shaved ice in the bottom of a tall, parfait style glass; add flavoring. Add a middle layer of ice; add a different flavoring. Add a top layer of ice and another flavoring. Garnish with fruit or paper umbrellas. A great party treat!

### Ice Cream Slush

Place a scoop of vanilla ice cream in the bottom and shave ice on top of it. Add your favorite flavor of Victorio® syrup on top for a creamy refreshing treat.

### Fruit Wonders

Mix shaved ice with fruit juice and either canned or fresh fruits. Try orange and pineapple juice with bananas. A great way to start the day or as an afternoon pick-me-up!

## OTHER SHAVED ICE USES

- Shaved ice is a great base when used in other blended drinks and smoothies.
- Combine with fruit, yogurt, or juices for great tasting and healthy treats.
- Fresh shaved ice makes a great ice bed for seafood appetizers, such as shrimp cocktail.

## **ICE SHAVER WARRANTY**

Your Victorio® Ice Shaver is guaranteed for the period of one (1) year from the date of purchase to be free from mechanical defects in material or workmanship. The manufacturer's obligation here under is limited to repairing or replacing such defects occurring during the guarantee period at no charge, providing the product is sent pre-paid to:

**Victorio Kitchen Products**

1804 Sandhill Road  
Orem, Utah 84058

Victorio Kitchen Products will pay for the return postage. This guarantee does not cover damage from misuse of the product. If you think this appliance has failed or requires service within its warranty period please contact:

### **Victorio Kitchen Products Customer Service Department**

**CALL 866-257-4741**

or
